Drink like a fish, sink or swim
I'm sinking all the way down
I'll drown myself in the bottle again
Cuz your promises let me down

Gin n tonic hit the floor
I'll be coming back for more
Cuz, baby that's the way I like it
And I know I had to be strong to hold on to
What we once had, but now it's gone

I've been slippin' and I can't hold on
Lost control of myself
I'll be leaving and I won't look back
I'd rather be alone then waste my life with you

Each morning I struggle to face a new day
I can barely look you in the eye
Each night I welcome that comfortable haze
I'm no fun when you're making me cry

Gin n tonic hit the floor
I'll be coming back for more
Cuz, baby that's the way I like it
And I know I had to be strong to hold on to
What we once had, but now it's gone

I've been slippin' and I can't hold on
Lost control of myself
I'll be leaving and I won't look back
I'd rather be alone then waste my life with you
With you, with you
Waste my life with you

I was trying to find a way
To hide the doubts that I had inside
Cuz, I thought we had a chance to make it
But now I'm stronger and I love you no longer
And that's tough shit if you can't take it

And I know I had to be strong to hold on to

What we once had, but now it's gone

I was slippin' and I couldn't hold on

Lost control of myself

Now I'm gone and I'll never look back

So much better off

And so much happier

I'm so glad I didn't waste my life with you
