I'm not gonna lie to you  
I'm not gonna hurt you  
I'm not gonna use you, you've got to believe me  
I'm just gonna let you live  
And we'll both make it big  
And I'll see you on the state line  
The state line  
The state line  
The state line

Wake up (see what you're doing to me)  
Sugar (leave me or let me be)  
I'm special, but am I enough?  
To be there when times get tough?

Wake up (see what you're doing to me)  
Sugar (leave me or let me be)  
I'm special, but am I enough?  
To be there when times get tough?

I'm not gonna lie to you  
I'm not gonna hurt you  
I'm not gonna use you, you've got to believe me  
I'm just gonna let you live  
And we'll both make it big  
And I'll see you on the state line

I know you know what I believe in  
I know you know what I'm thinking  
How am I gonna raise children in these times  
You seem so far away, but there will come a day  
When I'll be there right by your side  
By your side  
By your side  
The state line

Wake up (see what you're doing to me)  
Sugar (leave me or let me be)  
I'm special, but am I enough?  
To be there when times get tough?

Wake up (see what you're doing to me)  
Sugar (leave me or let me be)  
I'm special, but am I enough?  
To be there when times get tough?

Wake up (see what you're doing to me)  
Sugar (leave me or let me be)  
I'm special, but am I enough?  
To be there when times get tough?

Wake up (see what you're doing to me)
