You're a lazy son of a bitch
You got nothing, come on cop to it
You're a lazy son of a bitch
Wasting my time, but the lovin's got me outta my mind

You're too good, you're no good

You're a mean son of a bitch
What we've done are you proud of it?
You're a mean son of a bitch
You're driving me crazy, but I can't stop seeing you now

Gotta get out now [x2]

You're a lying son of a bitch
I'm not the only one, I'm aware of it
You're a lying son of a bitch
We can hang out in this mess, but I won't be the one left out

You're a no good son of a bitch
I'm well aware, of my bad itch
You're a no good son of a bitch
Just cause I'm a girl doesn't mean I didn't want it now...

Gotta get out now

You're a lazy son of a bitch
You got nothing , come on cop to it
You're a lazy son of a bitch
Wasting my time, but the lovin's got me outta my mind

You're too good, you're no good

You're a son of a bitch (are you proud of it?)
