Let me ask you, baby  
Well, do you live here everyday of your life  
In a burned out war zone  
Just like Beirut or something  
Man it hurts my eyes

Detroit breakdown  
Got my whole damn head on fire  
Detroit breakdown  
Ooh, what a surprise

Motown schmotown, there's nothin? left  
No more Iggy or the MC5  
Wayne?s been doin? it in L.A. now  
So you?re just livin? a lie 'cause

Detroit breakdown  
Got my whole damn head on fire  
Detroit breakdown  
Ooh, what a surprise

Let me ask you, baby  
Do you live here everyday of your life?  
I?m a town that makes a career  
Out of waiting for hell night

Detroit breakdown  
Got my whole damn head on fire  
Detroit breakdown  
Ooh, what a surprise

Oh yeah, oh yeah, yeah  
Ooh, what a surprise
