I fell upon a dream last night  
We were together  
Hey baby,  
Have a little faith in me

I swore that we'd get out alive  
You wouldn't surrender  
Hey baby,  
Have a little faith in me.

They say time  
Knows where we're going  
I wish time,  
Would stop right here

You're afraid to lose your love.  
I don't blame you.  
Hey baby,  
Have a little faith in me

They say time,  
Knows where we're going.  
I wish time,  
Could stop right here.

You're afraid to lose your love.  
I won't let anything harm you.  
Hey baby,  
Have a little faith in me.
