Yeah, I see your shadow
Color the walls
And I hear your voice
On The wind, while it blows

Yeah, I see your shadow
Coming up through the floor
And I know you're mad,
Cause I can relate...

What have you got to hide?
Where are you gonna hide?
It's been quite the birthday alright!
I know you're mad, cause I can relate...

Now I see
What It Is,
You've Turned Out To Be...
Now I see
And Now I Know
And I can sense
You've Turned On Me.
