Left,
Right,
Up,
Down
I have been all around
Then I came on crashing down.

And I know that Iâ€™m not right
And I know that I am wrong
Lately, Iâ€™ve been coming down
Your memory is the hardest part.

And I know youâ€™re real strong
You can keep me going on
And I know youâ€™re not alone
But Iâ€™m really sorry, I let you down.

And I Miss You
All the things We Used to do...
All the World is Not Right,

Cause All This Year, Iâ€™ve Been Feeling Blue

And I know that Iâ€™m not right
And I know that I am wrong
Lately, Iâ€™ve been coming down
Your memory is the hardest part

Left
Right,
Up,
Down
I have been all around
Then I came on crashing down

And I know youâ€™re real strong
You could keep me going on
And I know youâ€™re not alone
But Iâ€™m really sorry, I let you down.
