He was shooting like a ranger
They were learning and sudden danger

They'll capture him, there is no escape
They'll sentence him, in the book of law

16. A dreadful life
Reckoning days till the dawn rise
16. A painful life
Yearning days till death arise

He was killing for the anger
Without warning from messenger

They'll lock him in cuckoo's nest
They'll inject him. Welcome to hell

16. A dreadful life
Reckoning days till the dawn rise
16. A painful life
Yearning days till death arise
