There's 10,000 reasons to survive  
But you only needed one to die  
It's too late to change what you've become  
I won't always be this lonely

The way you lived your life, it mesmerizes me  
Now won't you take some time to cast out your regrets  
Why did you leave our lives, it mesmerizes me  
So won't you take the time to cast out your regrets

I hear the creaking through the door  
I see you slipping through the floor  
It's not easy, asking you to leave  
'cause you'll always be the only

The way you lived your life, it mesmerizes me  
Now won't you take some time to cast out your regrets  
Why did you leave our lives, it mesmerizes me  
So won't you take the time to cast out your regrets

The way you lived your life, it mesmerizes me  
Now won't you take some time to cast out your regrets  
Why did you leave our lives, it mesmerizes me  
So won't you take the time to cast out your regrets
