I had an inspiration  
To call you on the phone  
To tell you I once loved you  
There aint nobody home  
The night is cold and empty  
Are you out there alone  
Without me?

It's really for the better  
That you're not in today  
I shouldn't still be trying  
To talk to you this way  
But I can't give up hope  
You'll start to notice you're  
Without me

\*without me  
How can you live  
Without memy world is gone  
But you carry on  
Without me

I've made my life fulfilling  
To take you off my mind  
My head is always willing  
My heart is not that kind  
I'm the one who left you  
And you're the one who's fine  
Without me

Laugh if you want  
You have no right  
It was just like you said  
I spend my nights alone  
Without you

\*without me  
How can you live  
Without memy world is gone  
But you carry on  
Without me

I had an inspiration  
To call you on the phone
