Long time gone  
Just sitting here wondering why I carry on  
I'm trying to find a place where I belong  
(Do you wake up calling out my name)  
'Cos it's easy to forget that's life a game  
(Do you still think you're the one to blame?)  
When tomorrow comes I'll miss you just the same and

Another night like this  
And I'll be heading for the town  
Another night like this  
And there'll be action going down  
Tomorrow night, no more hanging on  
It makes no difference now you're gone  
Another night and soon I will be leaving  
'Cos now you're not around

Tears will fall  
Looking back on life it seems I've done it all  
But here am I with my back against a wall  
(Can you feel it burning up inside)  
An emotion I just don't know how to hide  
(Do you think you ever really tried)  
If I said I'm not in love you know I lied and

Another night like this  
And I'll be heading for the town  
Another night like this  
And there'll be action going down  
Tomorrow night, no more hanging on  
It makes no difference now you're gone  
Another night and soon I will be leaving  
'Cos now you're not around

One more heart attack  
You won't be coming back  
Any more

Another night like this  
And I'll be heading for the town  
Another night like this

And there'll be action going down  
Tomorrow night, no more hanging on  
It makes no difference now you're gone  
Another night like this  
And I'll be heading for the town  
Another night like this  
And there'll be action going down  
Another night like this  
And I'll be heading for the town  
Another night like this  
And there'll be action going down  
Another night
