You are the one who knows
Every answer before the question ends.
I'm here on the sidelines watching where tomorrow will
go
I'm not sure what I want to happen next.
Something's gotta' change.
Nothing stays the same
And I don't know
Have I got it wrong?
If it's worth it.

As I wait for you
Do I waste another day?
Is that all I do?
Should I walk away?
Should I stand my ground?

Too fast to slow down
You might be already gone.

Did I forget to tell you I try
Everyday, it's harder to understand.
Everything about you makes no sense
But I still want to be here if you're around
Maybe soon I'll know.
Should I stay or go?
And all this time
Have I got it wrong?
Is it working?

As I wait for you
Do I waste another day?
Is that all I do?
Should I walk away?
Should I stand my ground?

Too fast to slow down
You might be already gone x 2

All this time

As I wait for you

Do I waste another day?
Is that all I do?
Should I walk away?
Should I stand my ground

Too fast to slow down
You might be already gone
Too late to turn round.
You might be already gone
