You think it's all so simple, but you can't see what they  
do

Behind closed doors, yeah,  
They're all laughing at you

Cos ' I'm searching for the answers  
To the questions,  
I never had the balls to ask.  
I'm searching for a sign  
Something that shows we haven't left it all behind

Cos'I can't stay here  
Cos'I can't stay here  
Anymore  
Cos I can't stay here

You think it's all so simple,  
But you can't see what they do  
Behind your backs  
You've all been taken for fools  
Cos ' I'm searching for the answers  
To the questions I never had the balls to ask  
I'm searching for a sign  
Something that shows we haven't left it all behind

Cos'I can't stay here  
Cos'I can't stay here  
Anymore  
Cos I can't stay here  
Cos'I can't stay here

I can't take any more of this  
No I can't take any more of this

Cos ' I can't stay here  
Cos I can't stay here,  
Anymore  
Cos I can't stay here  
Cos ' I can't stay here  
Cos ' I can't stay here
