"Masquerade"

I'm here, laying underneath
But there is nothing left to say
You slowly went your way from me
Felt your softness fade away
Who am I?
To make you stay
Oh, here we go again
Entering the masquerade
This is tha place
Dreams will shatter
Cover your face and care no more
She don't care no more
These narrowed eyes I don't know
Nothing is there behind
The mask you wear
Now it feels so unreal
Cold as ice
This face I see
Masquerade, masquerade
Let me out
Masquerade, masquerade
Care no more
Masquerade
She don't care no more
Masquerade, masquerade
Let me out to save her
