We sit in your room
So dark and strange
With yellow candles
Burning straight
Outside it rains
So silver and bright
A glaring light
Crashed into the sky
It's so right as rain
It's just the way it should be
It's so right as rain
We stayed awake at night
With visions so unreal
We stayed awake at night
With visions so ideal
It's got a hold on me
It's got a hold on me
Smiles and voices suddenly changed
Eyes and shadows on a distance too short
Is there someone who I know?
Is there someone at all?
Is there someone who I know?
Is there someone I called?
It's so right as rain
It's just the way it should be
It's so right as rain
We stayed awake at night
With visions so unreal
We stayed awake at night
With visions so ideal
So when the rain comes running in your eyes
And the wind shakes the forest leaves
We stayed awake at night
With visions so unreal
We stayed awake at night
With visions so ideal
It's got a hold on me
