I can't escape this bitter taste
And it's all because of you
When you're gone I feel alone
And my patience is wearing thin
When I dream in my bed
My pillow is wrapped around my head
I need your warmth , taste your skin
And all the noise is growing thin
And there's nothing I can do
There's nothing I can say
And there's nothing I can do
And nothing can make you stay
On this cold damp day
I wished you could stay
On this cold damp day
I wished you could stay I don't want this aggravation
I don't find it even crazy
The days are slow , I said to you
I would always have you be
Close to me and my ache
Increased again, inside my head
The way it appeared you felt the same
Saying one more time my name
The sweetest words , this captive slave
Who could not speak about his craze...
"There's nothing wrong"
-you crossed the water-

"There's nothing else"
-I miss your laughter-
"There's nothing wrong"
-The cares go on-
"There's nothing else"
-I miss your laughter-
There's nothing I could say
And There's nothing I can do
On this cold damp day
I wished you could stay
It's cold and grey
I wished you could stay
I wished you could stay
I can't control heart and soul

there's no comfort of any kind
two worlds apart , a single star
Should lead you to my heartAnd There's nothing I can
do
And nothing could make you stay
I wished you could stay
It's cold and grey
I wished you could stay
On this cold damp day
I wished you could stay
