We sit in your room, so dark and strange
With yellow candles burning straight
Outside it rains, so silver and bright
A glaring light crashed into the sky

It's just the way it should be
It's so right as rain
It's just the way it should be
It's so right as rain

We stayed awake at night
With visions so unreal
We stayed awake at night
With visions so ideal
It's got a hold on me
It's got a hold on me

Smiles and voices suddenly changed
Eyes and shadows on a distance too short
Is there someone who I know?
Is there someone at all?
Is there someone who I know?
Is there someone I called?

It's just the way it should be
It's so right as rain
It's just the way it should be
It's so right as rain

We stayed awake at night
With visions so unreal
We stayed awake at night
With visions so ideal

So when the storm comes running in your eyes
And the wind shakes the forest leaves

It's so right as rain
We stayed awake at night
With visions so unreal
We stayed awake at night
With visions so ideal

It's got a hold on me
It's got a hold on me

It's got a hold on me
It's got a hold on me
It's got a hold on me
Hold on me
