Every time I look at you  
I wonder what goes on  
Behind your happy smile  
It's something really strong

Full moon swings around  
Full moon swings around  
On this secret night

Time will fly tonight  
Time will die tonight  
Tonight  
Tonight

Every time you look at me  
I wonder what goes on  
If only I could swim  
In those drowning thoughts

Tonight

Let's roll down the stairs  
Soon we'll follow everyone  
Let's roll down the stairs  
Soon everybody follows everyone

'Cause time flies only with you  
Time dies only with you

Time will fly tonight  
Time will die tonight  
Tonight  
Tonight

Tonight

Time dies only with you  
Only with you  
Only with you  
Only with you
