Would you come and look around
See the motion and circle round
Feel it whilr through the fields
All the years we wandered about
And let our youth strip us out
Now lock up the door to indignation
As all appears to recover
(would you come-look around-see the motion-circle
round)
All appears to recover
(all the years we wandered about-let-our youth-strip us
out-come with me)
Here we are in wonder left with all laft to discover
Will you stay watch by me
As all appears to recover
(would you come-look around-see the motion-circle
round)
All appears to recover
(all the years we wandered about-let our youth-strip us
out-come with me-break out)
As all appears to recover
(would you come-look around-see the motion-circle
round)
All appears to recover
(all the years we wandered about-let our youth-strip us
out-come with me-break out)
All appears to discover
(see the motion-circle round-come with me-break out)
