Seven years or seven lives
Put a price on anything
A word of wisdom to the wise
You've given up on everything
The more you learn to recognize
The danger signs are gathering

Will you fly with me as I sleep in you?
In paradise the loneliness is deceiving
Are we evergreen or forever blue?
In paradise the only hope is believing

Or is it trust or is it love?
Risen to a higher plane
We're following a different path
It never feels the same again
Imagine you could live your life
But everything remains the same

Will you fly with me as I sleep in you?
In paradise the loneliness is deceiving
Are we evergreen or forever blue?
In paradise the only hope is believing

If you come to me, I'll succumb to you
In paradise the loneliness is deceiving
Omnipresent me, iridescent you
In paradise the only hope is believing

In a circle of life, in a cycle of love
In a circle of life, in a cycle of love
In a circle of life, in a cycle of love
In a circle of life, in a cycle of love
In a circle of life, in a cycle of love
In a circle of life, in a cycle of love

Will you fly with me as I sleep in you?
In paradise the loneliness is deceiving
Are we evergreen or forever blue?
In paradise the only hope is believing

If you come to me, I'll succumb to you

In paradise the loneliness is deceiving
Omnipresent me, iridescent you
In paradise the only hope is believing

Will you fly with me as I sleep in you?
In paradise the loneliness is deceiving
Are we evergreen or forever blue?
In paradise the only hope is believing
