Deliver me out of my sadness
Deliver me from all of the madness
Deliver me, courage to guide me
Deliver me strength from inside me

All of my life I was in hiding
Wishing there was someone just like you
Now that you're here, now that I've found you
I know that you're the one to pull me through

Deliver me, loving and caring
Deliver me, giving and sharing

All of my life I was in hiding
Wishing there was someone just like you
Now that you're here, now that I've found you
I know that you're the one to pull me through

Deliver me, deliver me
Oh, deliver me

All of my life I was in hiding
Wishing there was someone just like you
Now that you're here, now that I've found you
I know that you're the one to pull me through

All of my life I was in hiding
Wishing there was someone just like you
Now that you're here, now that I've found you
I know that you're the one to pull me through

Deliver me
Won't you deliver me?
