

The Beloved "Ease The Pressure"

Visit "[Ease The Pressure](#)" on MotoLyrics.com

If you're feeling low, well I can ease the pressure
If you should let me know that I can ease your troubled
mind
If you don't ever go then I can give you pleasure
If you can tell me so, then we can leave it all behind

I'll lift you up
(I'll lift you up, girl I'll turn you 'round)
I'll lift you up
(I'll lift you up, girl I'll turn you 'round)
I'll ease the pressure, the pressure, the pressure, the
pressure
(I'll ease the pressure, I'll ease the pressure)

I'll lift you up
(I'll lift you up, girl I'll turn you 'round)
I'll lift you up
(I'll lift you up, girl I'll turn you 'round)
I'll ease the pressure, the pressure, the pressure, the
pressure
(I'll ease the pressure, I'll ease the pressure)

I'll lift you up

If you talk to me, then I will tell you something
Like how it ought to be if you will tell me that you're
mine
If you believe in me, I will give you one thing
(One thing)
So feel the need in me and I will ease your troubled
mind

I'll lift you up
(I'll lift you up, girl I'll turn you 'round)
I'll lift you up
(I'll lift you up, girl I'll turn you 'round)
I'll ease the pressure, the pressure, the pressure, the
pressure
(I'll ease the pressure, I'll ease the pressure)

I'll lift you up
(I'll lift you up, girl I'll turn you 'round)

I'll lift you up
(I'll lift you up, girl I'll turn you 'round)
I'll ease the pressure, the pressure, the pressure, the
pressure
(I'll ease the pressure, I'll ease the pressure)

I'll lift you up
I'll lift you up
(Pressure)

If you're feeling low, I can ease the pressure
If you should let me know that I can ease your troubled
mind
If you don't ever go, I can give you pleasure
If you could tell me so, or we could leave it all behind

I'll lift you up
(I'll lift you up, girl I'll turn you 'round)
I'll lift you up
(I'll lift you up, girl I'll turn you 'round)
I'll ease the pressure, the pressure, the pressure, the
pressure
(I'll ease the pressure, I'll ease the pressure)

I'll lift you up
(I'll lift you up, girl I'll turn you 'round)
I'll lift you up
(I'll lift you up, girl I'll turn you 'round)
I'll ease the pressure, the pressure, the pressure, the
pressure
(I'll ease the pressure, I'll ease the pressure)

I'll lift you up
(I'll lift you up, girl I'll turn you 'round)
I'll lift you up
(I'll lift you up, girl I'll turn you 'round)
I'll ease the pressure, the pressure, the pressure, the
pressure
(I'll ease the pressure, I'll ease the pressure)

I'll lift you up
I'll lift you up
(The pressure, the pressure)
