Well can you hear me out there?  
I send this message to you  
Transmitting out through the air  
Signals into the blue

It's Earth boy calling on frequency ten  
All far out galaxies  
I'm beaming love out to my one special friend  
Well are you receiving me?

Outerspace girl  
I'm sending out a message to you  
Outerspace girl  
I'm sending out a message to you  
Are you receiving me?

Well are you grooving up there  
On your mission of love  
Whizzing onwards at warp factor nine  
Several light years above

Outerspace girl  
I'm sending out a message to you  
Outerspace girl  
I'm sending out a message to you

My outerspace girl  
I'm sending out a message to you  
Outerspace girl  
I'm sending out a message to you  
Are you receiving me?

Well if you ever come back down  
To this planet safe and sound  
I will be there as you touch down  
So that your feet don't touch the ground

Outerspace girl  
I'm sending out a message to you  
Outerspace girl  
I'm sending out a message to you

My outerspace girl  
I'm sending out a message to you  
Outerspace girl  
I'm sending out a message to you  
Are you receiving me?

Well if you ever come back down  
To this planet safe and sound  
I will be there as you touch down  
So that your feet don't touch the ground

Or if you'd rather stay up there  
Just hanging out in deeper space  
I'll send more messages of love  
To keep a smile upon your face

Are you receiving me? Are you receiving me?  
Are you receiving me? Are you receiving me?  
Are you receiving me? Are you receiving me?  
Are you receiving?
