Step inside for some more of
What you're missing or just unsure of
Say goodbye to those dull days
Inspiration will take you more ways

Up, up and away
Hello new day

Oh, you're gonna feel so crazy
You're gonna touch the sky
You never felt so hazy, you've never been this high
Just look around you, well, it ain't no lie
H A P P Y

Come back down from your grey cloud
Feel born again, say it out loud
Don't you know hope can be found
Take your foot out your mouth, come back down

Up, up and away
Oh, hello new day

Oh, you're gonna feel so crazy
You're gonna touch the sky
You never felt so hazy, you've never been this high
Just look around you, well, it ain't no lie
H A P P Y

Yeah, give the world a message that the word is yes
It's quite impressive, it's real fresh
A little understanding is the reason why
H A P P Y

Up, up and away
Hello new day
Up, up and away
Oh, hello new day

Yeah, you're gonna feel so crazy
You're gonna touch the sky
You never felt so hazy, you've never been this high
Just look around you, well, it ain't no lie

H A P P Y

Yeah, give the world a message that the word is yes
It's quite impressive, it's real fresh
A little understanding is the reason why
H A P P Y

Up, up and away
Up, up and away
Up, up and away
Up, up and away

It's been a while in making, this world, it's a loving
harmony
Man, it sure was bad, but baby, let your spirit free

[Incomprehensible]
