"Fist Of The Northern Destroyer"

Visit "[Fist Of The Northern Destroyer](#)" on MotoLyrics.com

Purging fist of the northern destroyer
Dominates with force
Tears down grotesque synagogues
Culture of Zion was never meant to be here

Bringer of misery
To those who oppose
Fist of the northern destroyer

Bringer of torture
To those who don't fear
Fist of the northern destroyer

Islamic plague raising
Spreading it dirty seed
Violent Intolerance as reward
For their holy secret war

Bringer of death
To those who don't run
Fist of the northern destroyer
