"Unfolding Madness"

Experience of the world around, Hazardously cut open
by
sharp surreal perception
This rotting corpse plagued by disease. So limited, so
unreal, so distant
Floating in cold dimensions of possession, Watching
the
inhabited shell in disbelief
Madness unfolding in mind, seeking ways of blossom
in
full
Is it path to enlightenment? Or route to final disorder?
Shattering Physical world - Unfolding madness.
Witnessing what sane can't see, Passing the gateways
beyond humane
Feeding the damaging current, drowning in the
merciless
stream.
