Came into a dream in the night
When all the world was sleeping so tight
A treasure in store, perilous moments
Knowing their love was so true
A help from their friends, brave and so daring
Angel, soldier, in the night

Dreams can be so real and so true
They come alive for me and for you
Daring for love, wrestling the moment
Danger surrounds, so blue
Weather the storm, brighter horizons
Angel, soldier, in the night

Deep as the ocean
As high as the sky above
Clouds passing by
When love will find it's way
Into your heart

Come into a dream in the night
When all the world was sleeping so tight
A treasure in store, perilous moments
Knowing their love was so true
A help from their friends, brave and so daring
Angel, soldier, in the night
