

Clannad "Other Side, The"

When it's gone and you want it so badly
Game of love is a two way street
From above there comes inspiration
Darkest clouds will disappear

Take it down, put it in your diary
Come around to the pleasant side
Put it down to another experience
Come around to the other side

Fallen words from a broken framework
Touching hearts, scribbled on a sheet
From above, here comes inspiration
Darkest clouds will disappear

Take it down, put it in your diary
Come around to the pleasant side
Put it down to another experience
Come around to the other side

Take it down, put it in your diary
Come around to the pleasant side
Put it down to another experience
Come around to the other side

When it hurts and the pain still lingers
Game of love now a one way street
Faith and hope [Incomprehensible]
Darkest clouds will disappear

Take it down, put it in your diary
Come around to the pleasant side
Put it down to another experience
Come around to the other side

Take it down, put it in your diary
Come around to the pleasant side
Put it down to another experience
Come around to the other side

Take it down, put it in your diary
Come around to the pleasant side

Put it down to another experience
Come around to the other side
