Bloody sheets
Tenderly she moves me
An opera star
Dying hard for love
You say I'm hurt
I will take your word

Leather pants
Happiness
A hundred dollars
Buy success
Hanging with your fashionable whores
And I'm a wounded bird
I will take your word

You and tom (you and tom)
To the prom (to the prom)
Camel dick (camel dick)
Crucifix (crucifix)

Everyone's the same and on and on
Emerging from the football stands
Clinging to his broken hand
It's over I have seen it all before

Nakedness (nakedness)
A flying lesson
Tattered dress
Sunburned chest
You will pay for your excessive charm
With a boy who knows
Less than he thinks
Drinks up his expensive drinks
Be careful with the DETAILS OF THE WAR
