Spit on the host - harlot convent bitch  
Bite the crucifix  
Insert the long arm - urinate profusely onto  
An effigy of the eunuchpriest

Mutual delirious masturbation

Hail - mother mary - pray for me  
With your tongue of steel  
Demonic staccato erection  
Hail - mother mary - perform fellatio  
Religious butt fucked bitch  
Demonic staccato erection

Blow thy horns - so the nuns may know  
Evil is hovering above her  
Tied - up pissing torture -  
- chained to a glowing throne  
Take tons of loads in your kisser

Mutual delirious masturbation  
Hail - mother mary - pray for me  
With your tongue of steel  
Demonic staccato erection  
Hail - mother mary - perform fellatio  
Religious butt fucked bitch  
Demonic staccato erection

Sathan - begins - to kiss her sex  
The cold scaled - brick - chops up her ass

The cross - branded up - her moaning cunt  
Crucify - your flesh - to purify your soul!
