Miasma demons - lusting for flesh
Grand violation - of holiness
Angels gang raped - off their purity
Piercing screams - in defiled misery

Dominion of sodomy
Vortex of salarity
Hellfucked by the damned

Blutgeoned bodies - strangled and fucked
Brute impalement - by rotten cocks
Castigated - sadism unbound
Godforsaken - drowning in cum

Dominion of ecstasy
Vortex of salacity
Throatfucked by the damned

Bloodsoaked eyes - shattered limbs
Genitortured - scalped and maimed
Necrobloodfuck - torn out cunts
Revel in death - their flesh is no longer enough

Dominion of perversity
Vortex of salacity
Hellfucked by the damned
