An offering, shifting space, destroys all time  
Slave to Sathan, bound and gagged  
Bounds obsess you, consort to the Devil  
The mark of dominion, scars your chest  
A pact with thee undead  
Ritual torture, worship your master  
Corpse raping death, Sathan fuck me  
Breeding demons to infiltrate the race of men  
Blessed fatality, your call haunted me  
Consort to all evil  
The mark of dominion, scars your chest  
A pact with thee undead  
Ritual torture, worship your master  
Corpse raping death, Sathan fuck me  
Devour this sanctity  
Covenant signed in Hell
