INTRO [Saukrates]

Yes sir

When the man wanted to ride, what did he do?

Swing down sweet chariot

He told that sweet chariot to swing on down

And stop, you know what I'm sayin'

So he could get on

Now this is what we do

We playin' we playin' the role of that sweet chariot

And we swingin' down to pick you up

Know what I'm sayin'?

Ride, for real

Now, it's like, you wanna ride with me

You don't even know what ride is, look

You wanna get clean, you wanna get dirty

You wanna go left, right

This what we do

[Choclair]

Well it's the Nocka, The Chiz Rocker

Party while I'm wine drinkin'

My rhymes'll bust a hole right through your thinker

Re-think your strategies when you battle

International record sales

People try, but they fail

It's the Chizzo, or the Choco

Ran the street like a blocko

Before the shots ring out

People never seen or even heard

But we ran through your HQs

Like a pack of germs, people swerve from the gamer

Suave player, I'm all black like the Raiders

You wonder how I did it, album anticipated

Well it's the ninth inning

With two outs I hit a home run to left field like Carter  
did to Philly

Do you understand me? Ha, really?

No MacGyver tactics can stop my theatrics

I'm making ladies back flip

Understand it's all about the Sexual eating up your set  
like a tropical

Stop it, my UVs will burn your skin, singe your optics  
Twenty One years was ground work  
People hear me coming, so hit up for mad work  
But understand it's all about the suave, diggy-dog  
Just ride

[Choclair] {Saukrates}

If you feelin' my vibe then we can all just  
{Ride}

If you wanna get down then we can all just  
{Ride}

All my people throw your hands up high and just  
{Ride}

Where you from? Eastside to Westside just  
{Ride}

All my people from uptown to downtown just  
{Ride}

From Cali to NY, you know we gon' just  
{Ride}

From the Florida Keys to Fiji just  
{Ride}

All my people worldwide, how you feel, just  
{Ride}

[Choclair] {Saukrates}

You see, I flow like an 850, the turbo  
Down the lakeshore with po-po chasing  
Then you be wastin' your time  
{Swing down sweet chariot, stop} X2 in background  
If you try to check for flaws  
If you bet against Chizz-nocks  
Count your loss  
See I don't care what you people think or say  
What you do, I got a crew that run up in your HQ  
Dissed by who, six foot one, sleppy eyed  
Dark skinned glasses reflecting from the sun, nigga  
Check that poster, I lay your girl down like a coaster  
Drop my glass, slap that ass  
Don't care about a thing  
See it's all about the way Chocs makes the bells ring  
People talkin' shit but can't do a damn thing  
So understand this, it's all about the lyricist  
No one can rock a beat just like I  
Borough Side representer, C-H the I-Z  
Knows how to ride, understand?  
Just ride

[Choclair] {Saukrates}

All my peoples on Lockdown, you know we can  
{Ride}

All my peoples on the corner hustlin just

{Ride}  
All my girls in tight skirts, you know we gon' just  
{Ride}  
All my people pushin fat rides with illy rims just  
{Ride}  
If you can feel the vibe, then we can all just  
{Ride}  
All my dames in sexy belly chains just  
{Ride}  
All my people from the T-dot O, just  
{Ride}  
All my peoples worldwide, how you feel? just  
{Ride}

[Chocclair]  
See I like the Chiquitas light and dark skinned  
Me, I love Senioritas, that's where my hearts been  
Now I be chillin' with my boys Paranorm'  
Having freaks in the living room suckin' it hard  
See I don't care what you think, nigga  
Yo, I'm laughing at your bitch-ass  
So niggas mind you speach when you talk  
All these people gettin' mad and vexed  
Sayin' all I talk 'bout sex  
Make a fuss 'cause they nuts don't bust  
So understand who I is {who you is}  
I got an SDS smile, while your girl's got an ass like an E-  
class  
I can drive it like a five-speed, stick shift  
Understand the ill shit that I possess, nothin' less  
If you stress, you be left blind, so read it up in brail  
Hard rock's coming but they always come frail  
Collobaration produced by Kardinal  
Now if you wanna ride, everybody needs to understand  
Just ride

[Chocclair] {Saukrates}  
All my Paranormal people, how you feel, just  
{Ride}  
All my FOS people how you feel, just  
{Ride}  
All my Cirlce mother fuckers, are you gonna just  
{Ride}  
All my peoples on Kneedeep, you know we just  
{Ride}  
All my peoples on the hill, how you feel, just  
{Ride}  
All my peoples in Hilltop, you know we gon' just  
{Ride}  
All my peoples from Rexdale, you know we gon' just  
{Ride}

All my people from the T-dot O just  
{Ride}

[Chocclair & Saukrates]  
Swing down sweet chariot, stop  
Swing down sweet chariot, stop  
Swing down sweet chariot, stop

[Saukrates]  
Do you wanna get down with this?  
You can if you like  
Give me a call  
For real
