Pushed down the stairs - built of coffins  
Morbid fear - in the dungeons  
Tied to the rack - knife across your breasts  
Beaten and strangled - brutal shattered chest  
Suffocate in blood  
Exorted confession  
Intense excruciation  
Total evisceration  
Await the execution  
Nails driven into your eyes  
Crucifix pressed to your forehead  
Evil exorcised  
Fucked by the bishop - in front of a laughing crowd  
Forced down on your knees - Swallow holy cum  
Torn out vagina - sawed off limbs  
Glowing iron in your anus - broken on the wheel  
Ripped to shreds  
Exorted confession  
Intense excruciation  
Total eviscreation  
Await the execution  
Now you are carried to the pyre  
Soon to be released  
Purity through fire  
("Purity through fire" is dedicated to the memory of  
Petra
