Pushed down the stairs - built of coffins
Morbid fear - in the dungeons
Tied to the rack - knife across your breasts
Beaten and strangled - brutal shattered chest

Suffocate in blood

Extorted confession
Intense excruciatoin
Total evisceratoin
Await the execution

Nail driven into your eyes
Crucifix pressed to your forehead
Evil exorcised

Fucked by the bishop - in front of a laughing crowd
Forced down on your knees - Swallow holy cum
Torn out vagina - sawed off limbs
Glowing iron in your anus - broken on the wheel

Ripped to shreds

Extorted confession
Intense excruciatoin
Total evisceratoin
Await the execution

Now you are carried to the pyre
Soon to be released
Purity through fire
