It's the one that pushes you down before you go to bed,  
then you'll search and find no one, least that is what he  
said. i'm not here to tell you that it's strange and  
infantile. but you have to make that choice which  
conscience that you fell. i know what it's telling you. you  
know what you're yelling to. seperate the right or  
wrong. it's time to make that choice but not today. one  
supports the other and it's time to pull each other to  
one perfect mind. but not today...basic form  
psychology i never know what's right for me the perfect  
mind and the perfect mind ya. it's the one that pushes  
you to do what others don't. i know that you'd like to  
say it's stupid and you wont. you know what you're  
doing wrong and it will make you glad, the temptations  
getting strong..will powers what you had...i know what  
it's telling you, you know what you're yelling  
to..seperate the right or wrong. it's time to make that  
choice but not today..e
