Bloodlust - on the altar
Zombie nazarene - stoned to death
We're the flames - of resistance
Hunting - like wolfs in the shadow

Let the blood - flow between us!
Let the flesh - unite us!

Hell is open - the goatchrist prevails
You're god is dead - the goatchrist prevails

Analjesus - on the wooden cross
The ravens eye - so proud and black
Profanation - of the bible whore
Fukk christ - where's your dog god gone
Let the blood - flow between us!
Let the flesh - unite us!

Hell is open - the goatchrist prevails
You're god is dead - the goatchrist prevails
