Summer Time (Clarita)

V1

I can feel the summer's heat
Only in the summer will I see
The blossoming and the talking trees
Smell of raspberries

Roses lingering a soft fragrance
Sweet breeze with such tenderness
Almost taste the morning dew
Sky painted the perfect blue

Chorus

I got summer in my mind
Cotton clouds in a summer sky
Watching how they float by, changing each time
Like a child

Sitting underneath a tree
Reading my favourite poetry
Buzz of a bumble bee, so happily
Feels like the perfect dream

V2

It's a beautiful summer's day
Blooming flowers in full array
All the children want to play
Glad that they're not in school today

Watching the early flight of butterflies
The beauty of morning's sunrise
Sometimes looks like heaven shines
Swallows jetting through the skies

Chorus

I got summer in my mind
Cotton clouds in a summer sky
Watching how they float by, changing each time
Like a child

Sitting underneath a tree
Reading my favourite poetry
Buzz of a bumble bee, so happily
Feels like the perfect dream
