One two, one two three four  
Well they were given the grapes that go ripe in the sun  
that loosen the screws at the back of the tongue  
They told no one where they had begun, four  
horsemen  
They were given all the foods of vanity and all the  
instant promises of immortality  
But they bit the dust screamin' insanity, four horsemen  
One was over the edge, one was over the cliff, one was  
lickin' 'em dry with a bloody great spliff  
When they picked up the hiker he didn't want the lift  
from the horsemen  
But you, you're not searching, are you now?  
You're not looking anyhow  
You're never gonna ride that lonely mile or put yourself  
up on trial  
Oh, you told me how your life was so bad  
And I agree that it does seem sad but that's the price  
that you gotta pay if you're lazing all around all day  
Four horsemen and they're coming right through  
Four horsemen and they're pissing by you  
They make you look like you're wearing a truss  
Four horsemen and it's gonna be us  
Well they gave us everything for bending the mind and  
we cleaned out their pockets and we drank 'em blind  
It's a long way to the finish so don't get left behind by  
those horsemen  
And they gave us the grapes that went ripe in the sun  
that loosen the screws at the back of the tongue  
But we still told nothing 'bout what was to come, four  
horsemen  
? So we pay?, are they rock 'n' roll  
? People?, got rock 'n' roll

Hearing the funk, all around us  
Got no groove  
We been beating all of us  
Downed by police  
We beat the cops, all around  
Cops like to beat  
? Police force?, are they rock 'n' roll

? People?, got rock 'n' roll  
? People?, got rock 'n' roll  
? People?, got rock 'n' roll
