You'll never see a dark cloud hanging 'round me

Now there is only blue sky to surround me

There's never been a gray day since you found me

Everything I touch is turning to gold

CHORUS:

So you can color my world with sunshine yellow each  
day

Oh you can color my world with happiness all the way

Just take the green from the grass & the blue from the  
sky up above

& if you color my world, just paint it with your love

Just color my world

Just as long as I know you're thinking of me

There'll be a rainbow always up above me

Since I found the one who really loves me

Everything I touch is turning to gold

(chorus)

Sunshine yellow, orange blossom

Laughing faces everywhere, yeah

(chorus)

Color my world, color my world
