As I approach the railroad tracks I see footsteps of  
mine

Headed down the same long line

It's far from the first

It's not the last time

Overcome the overpass

Rush hour below

Weave through invisible

And duck beneath the dim lit window

Whiskey, Genuine Labatt

We get kicked out and come right back

We get kicked out and come right back

In fifteen minutes, we'd return

The same lesson we will never learn

Straight through the window we will burn

Bruno beats, and blows soundtrack

Second-hand, I'll smoke two packs

It was my little youth hostile

And you know I'm coming back

I enter through a window, a trapdoor

A thousand bodies have the floor

Some here have nowhere left to go

Life in and out of a window
