Way way back in the 1980's  
Secret government employees  
Dug up famous guys and ladies  
And made amuzing genetic copies  
Now their clones are sexy teens  
Now they're going to make it if they tried  
Loving, learning, sharing, judging  
Time to laugh, and shiver and cry

Time to watch,  
Clone High  
Energetic and engaging  
Clone High  
Our Angst is Entertaining  
Clone High  
Our Lives are Never Boring  
Who am I?

There's a place that you can go to  
And it's never very far  
Famous people you can live through  
If you don't know who you are  
Why, there is so much to live up to  
Expectations are so high  
I'm not crying  
It's my contacts  
There must be something in my eye  
You all must watch,  
Clone High  
Inspired and organic  
Clone High  
Possibly dramatic  
Clone High  
More fun than watching static  
Where am I?  
Clone High

Time to laugh, and shiver and cry.

I'll see you at  
Clone High  
I can't escape my name

Clone High  
That's the price of fame  
Clone High  
Life is just a game  
That's why...
