Well we never made it through another day  
And it's all because you had to have it your way

So lucky you  
Im wonderin' when I'll be OK  
If it's never then it's never

Well your mind is there but your heart is out to lunch  
And it's all because your philosophy's just a hunch

So lucky you  
Im wonderin' when I'll be OK  
If it's never then it's never

T.V. time's over  
Father's order

So lucky you  
Im wonderin' when I'll be OK  
If it's never then it's never

T.V. time's over  
Father's order

If it's never...  
Then its never...

If it's never..  
Then its never...
