When I Think About June 14th It's Not Something They  
Want Me To Remember  
All I Know On That Day Was That They Needed A Single  
Solitary Member  
And I Look On That Day Till Then I'd Never Had A  
Problem That I'd Mention  
But On That Day I'd Look Up To The Sky And See This  
Piercing Wave

That Pulled Me Towards It Took Me From This Place

And I'll Justify My Right To Be Abducted Freely Without  
Pain  
They Tell Me It's Commonly The Same  
They Looked Around And Tampered With My Mind  
And Left Me On A Bail Of Hay Outside

On A Summer Day, June 14th I Learned There's More  
Than What We Know As Beings  
All I Know It's Useless Telling People What Happened  
No One Would Believe Me  
I Look On That Day I've Finally Found A Getaway Spot  
For A Vacation  
And All It Takes Is Looking To The Sky And See That  
Piercing Wave

That Pulled Me Towards It Took Me From This Place

And I'll Justify My Right To Be Abducted Freely Without  
Pain  
They Tell Me It's Commonly The Same  
They Looked Around And Tampered With My Mind  
And Left Me On A Bail Of Hay Outside
