Remember never needing sorted explanations,
never had to think about it
never had to wonder where you're coming from
it's these complexities that scrambled our relations
i wonder why we thought about an open door
when all the walls were coming down

and it's sad you took me with the passion in your eyes
but you never wanted a relationship this time

it's not a wait this time, now it's over
all along, you were there but it's not going anywhere
Don't explain, don't try cause it's over
my memories, fixed in stone,
petrified and seperated all alone

it's not arrangement fits together don't you see
but you felt that you were crowded,
your emotions won't allow another day
i'd take deception but deception won't take me
it's like a hundred open windows blowing freely
while the walls are coming down
and it's sad you took me with the passion in your eyes
but you never wanted a relationship this time

it's not a wait this time, now it's over
all along, you were there but it's not going anywhere
Don't explain, don't try cause it's over
my memories, fixed in stone,
petrified and seperated all alone

it's not a wait this time, now it's over
all along, you were there but it's not going anywhere
Don't explain, don't try cause it's over
my memories, fixed in stone,
petrified and seperated all alone
