Say Anything To Prove Your Point
You Never Will Get Your Information, My Explanation
Opinion Without Fact Empty As Air

Fate Won't Define Me, My Actions Are Free
I've Had All The Reality That I Need
And Something Just Changes Forever You'll See
Changes Everything

Say Anything, It's Easy When There's No One There
There's No Recognition Just False Elation
Singled Out And Beaten Isn't Fair

Fate Won't Define Me, My Actions Are Free
I've Had All The Reality That I Need
And Something Just Changes Forever You'll See
Changes Everything

Fate Won't Define Me, My Actions Are Free
I've Had All The Reality That I Need
And Something Just Changes Forever You'll See
Changes Everything
