On the ice he's me favorite player, ten goals a season
The game won't be the same
Made the trade, they sent him to Philly...we're the
reason
He'll never play here again, no

Let me tell you about agression
Let me tell you things Don Cherry won't say
And I'm scared of his obsession
Meet you in the boards and end your day, your day

Face-off man come from Minnesota, Small Elk River
The game won't be the same
Won the cup but never could land the, Hobey Baker
He'll never play here again, no

Let me tell you about agression
Let me tell you things Don Cherry won't say
And I'm scared of his obsession
Meet you in the boards and end your day, your day

Let me tell you of his story
Let me tell you his intensions
89 in all his glory
Ran you in the boards, he'd end your day
