

Classic Case "Down And Out"

Visit "[Down And Out](#)" on MotoLyrics.com

My time spent yesterday -
Trying to control the way that life would lead me in -
Has somehow failed.
And now all I do is try to find my way out
Of endless possibilities of doubt.

And now my time spent today -
Fighting to remedy all my mistakes -
Has brought more problems than before -

And still I try to find my way out of endless possibilities
of doubt.

Well, I've been down and I've been out from time to
time and in between.
And I've been sure that I've had doubts of all the truths
that seems to be.

My time spent tomorrow -
Will be uselessly hoping to eliminate -
The inevitable.

And I'm sure that I'll be trying to find my way out
Of endless possibilities of doubt.

Well, I've been down and I've been out from time to
time and in between.
Cause I've been with, I've been without all of the things
I seem to need.

If I keep this pace then I risk everything.
Now this overview of solitude has been reviewed.

Well, I've been down and I've been out.
And I've been sure that I've had doubts.
Cause I've been with, I've been without.
Yeah, I've been down and out.
