

## Classic Case "Elevator Phobia"

Visit "[Elevator Phobia](#)" on [MotoLyrics.com](http://MotoLyrics.com)

Give me everything give me everything you want  
I'm sure that it's lovely  
Give me everything when I reach the top  
I remember to forget

Show me everything give me everything you love  
So I can ignore it  
Show me everything when I reach the top  
I don't want you beside me

I feel like being alone I feel like being alone

Sell me everything everything you have  
I'm sure that it's worthless  
Sell me everything when I reach the top  
Tell me where you're hiding  
Give me everything everything you need  
I'm running out of breath

I feel like being alone  
(I need a place to hide)  
I feel like being alone  
(I need a place to hide)  
I feel like being alone  
(I need a place to hide)  
I feel like being alone

I've given everything inside tell me where to go  
I need to clear my head  
I need to clear my soul  
I need to clear my soul

I feel like being alone  
(I need a place to hide)  
I feel like being alone  
(I need a place to hide)  
I feel like being alone  
(I need a place to hide)  
I feel like being alone
