Tension is not enough it's not enough
We should invade and punish them all
For acting up let's burn down the bridges
And level the topography till it's dust
Proving they're weak

Don't ask don't tell and join the ranks the ranks we're
Making the world such a better place
Why'd we try to raise the alarm
Will our false pretenses keep us safe from harm

Don't frame me (don't frame me)
For thinking on my own
This is out of our control

Now it won't be long until we conquer everyone
How fun
Replace the leaders and then we'll force on them our
industry
Till our funds exceed our needs

Don't ask don't tell and join the ranks the ranks we're
Making the world such a better place
Why'd we try to raise the alarm
Will our false pretenses keep us safe from harm

Don't frame me (don't frame me)
For thinking on my own
This is out of our control

Don't frame me (don't frame me)
For thinking on my own
We are out of our control

Why'd we try to raise the alarm
Will our false pretenses keep us safe from harm

Don't frame me (don't frame me)
For thinking on my own
This is out of our control

Don't frame me (don't frame me)

For thinking on my own
We are out of our control
